## Statement of commitment to child safety

Richmond Primary School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences. Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

## ROLES AND RESPONSIBILITIES

### School leadership team

Our school leadership team (comprising the Principal, Assistant Principal, learning specialists and team managers) is responsible for ensuring that a strong child safe culture is created and maintained, and that policies and practices are effectively developed and implemented in accordance with Ministerial Order 1359.

The Principal and Assistant Principal will:

- ensure effective child safety and wellbeing governance, policies, procedures, codes and practices are in place and followed
- model a child safe culture that facilitates the active participation of students, families and staff in promoting and improving child safety, cultural safety and wellbeing
- enable inclusive practices where the diverse needs of all students are considered
- reinforce high standards of respectful behaviour between students and adults, and between students
- promote regular open discussion on child safety issues within the school community including at leadership team meetings, staff meetings and school council meetings
- facilitate regular professional learning for staff and volunteers (where appropriate) to build deeper understandings of child safety, cultural safety, student wellbeing and prevention of responding to abuse
- create an environment where child safety complaints and concerns are readily raised, and no one is discouraged from reporting an allegation of child abuse to relevant authorities.

### School staff and volunteers

All staff and volunteers will:

- participate in child safety and wellbeing induction and training provided by the school or the Department of Education and Training, and always follow the school's child safety and wellbeing policies and procedures
- act in accordance with our [Child Safety Code of Conduct](#)
- identify and raise concerns about child safety issues in accordance with our [Child Safety Responding and Reporting Obligations Policy and Procedures](#), including following the [Four Critical Actions for Schools](#)
- ensure students' views are taken seriously and their voices are heard about decisions that affect their lives
- implement inclusive practices that respond to the diverse needs of students.

### **School council**

In performing the functions and powers given to them under the *Education and Training Reform Act 2006*, school council members will:

- champion and promote a child safe culture with the broader school community
- ensure that child safety is a regular agenda item at school council meetings
- undertake annual training on child safety (school councils can use the Child Safe Standards School Council Training slide presentation available on [PROTECT](#).)
- approve updates to, and act in accordance with the Child Safety Code of Conduct to the extent that it applies to school council employees and members
- when hiring school council employees, ensure that selection, supervision, and management practices are child safe (at RPS, school council employment duties are delegated to the principal who is bound by this policy).

### **Specific staff child safety responsibilities**

Richmond Primary School has nominated the Assistant Principal to support the Principal to implement our child safety policies and practices, including staff and volunteer training.

Our Principal and Assistant Principal are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- The Assistant principal is responsible for monitoring the school's compliance with the Child Safety and Wellbeing Policy. Anyone in our school community should approach them if they have any concerns about the school's compliance with the Child Safety and Wellbeing Policy.
- The Assistant Principal is responsible for informing the school community about this policy, and making it publicly available
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the [Child Safety Code of Conduct](#), [Child Safety Responding and Reporting Obligations \(including Mandatory Reporting\) Policy and Procedures](#), and Child Safety Risk Register.

Our school has also established a Wellbeing Team and Student Representative Council. The Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing. The Student Representative Council provides an opportunity for students to provide input into school strategies.

Our Risk Management Committee monitors the Child Safety Risk Register.

## **Child Safety Code of Conduct**

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable through the implementation of the Respectful Relationships program, so that they can be clear and confident about what to expect from adults in the school. Please refer to the [Bullying Prevention Policy](#)

The [Child Safety Code of Conduct](#) also includes processes to report inappropriate behaviour.

## **Managing risks to child safety and wellbeing**

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

The following are actions taken to promote child safety and manage risk in physical and online environments.

- Supervise students properly in all settings, including the playground, excursions and camps.
- Give particular attention to the safety, diverse needs and vulnerabilities of students in each activity or setting. Consider whether there are any barriers that might prevent students from raising concerns.
- Inform students and their families about appropriate use of the school's technology, safety tools and how to seek help and report concerns including cyberbullying and online grooming.
- Keep up to date with current online safety issues and expert information from specialist government and non-government bodies including the Office of the e-Safety Commissioner, and eSmart Schools.
- Promote activities in the school community that connect schools and communities and raise awareness to prevent bullying and violence (e.g. National Day of Action against Bullying and Violence).
- Create a respectful, sensitive and safe environment for people who may be experiencing family violence.
- Identify and document the school's child safety risks in the school's risk register or equivalent and ensure strategies are in place to manage those risks.
- Consider the range of school environments and the nature of physical spaces including onsite buildings and grounds, classrooms, corridors, and pick-up and drop off areas.
- Consider off-site physical environments for student use and where reasonably possible, inspect these sites and venues for events, excursions, camps and international student accommodation ahead of time.
- Consider risks arising from child-to-child and adult-to-child interactions in physical and online spaces.
- Consider cultural safety. Are there elements of the physical school environment that would be unwelcoming to Aboriginal people or other students from culturally diverse backgrounds?
- Inform staff, volunteers and students where appropriate of identified risks and risk management strategies.
- Keep records of risk management activities, including risk assessments for camps and excursions.
- Provide training and refresher training to staff and relevant volunteers on risk management policies and procedures.

## **Establishing a culturally safe environment – for students identifying as Aboriginal**

At Richmond Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- equip staff, students, volunteers and the school community to acknowledge and appreciate the strengths of Aboriginal culture and understand its importance to the wellbeing and safety of Aboriginal children and students. Staff trained in Community Understanding and Safety Training (CUST).
- adopt measures to ensure racism is identified, confronted and not tolerated
- address any instances of racism within the school environment and implement an appropriate response
- actively support participation and inclusion in the school by Aboriginal children, students and their families
- ensure school policies, procedures, systems and processes together create a culturally safe and inclusive environment and meet the needs of Aboriginal children, students and their families
- develop and endorse a policy or statement detailing the strategies and actions the school will take.

## **Student empowerment**

To support child safety and wellbeing at Richmond Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through implementing our whole school approach to Restorative practices (Real Schools) Respectful Relationships, our student Code of Conduct, and our school values.

We inform students of their rights through our whole school approach to Respectful Relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at the school office and by consulting with the Complaints Policy available on the school website.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

We will also refer to [PROTECT Child Safe Standard 3](#) for guidance for suggestions.

## **Family engagement**

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Richmond Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- our school will seek input from families and the community – for example, through the school website, newsletters, school council, subcommittees of school council, student, staff, and parent meetings.
- all of our child safety policies and procedures will be available for students and parents the school website and at the school office
- Newsletters will inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety.
- PROTECT Child Safety posters will be displayed across the school
- Our school will engage families and communities in its child safety approach by;
  - Asking parents and carers about their children. This can be in formal settings like parent/teacher interviews, or during chance meetings at pick-up and drop-off.
  - Provide parents and carers with information about children's rights via newsletters, or parent information sessions.
  - Regularly engage with parents, carers and students and discuss the needs of students through parent/teacher interviews.
  - Discuss how your school approaches child safety topics at parents, carers and friends' association meetings. Including the processes in place to manage disclosures if they arise.
  - Organise interpreters and translations to engage families from non-English speaking backgrounds in conversations about the school's child safety strategies.
  - Ask families and carers about their preferred methods of communication, including email, social media, meetings and workshops and use their responses to inform your communications approach.
  - Incorporate child safety questions in parent and carer surveys to measure awareness and confidence in the school's child safety approach and to support ongoing improvement.
  - Remind the school community about the shared roles of parents, carers and school staff in creating a positive environment

- [Recruitment in Schools](#)
- [Suitability for Employment Checks](#)
- [School Council Employment](#)
- [Contractor OHS Management.](#)

When engaging staff to perform child-related work, we:

  - proof of the person's identity and any professional or other qualifications
  - the person's history of working with children
  - references that address suitability for the job and working with children.

Staff will be monitored and assessed to ensure their continuing suitability for child-connected work. This will be done by mid year and end of year performance development reviews.

Inappropriate behaviour towards children and young people will be managed swiftly and in accordance with our school and department policies and our legal obligations. Child safety and wellbeing will be paramount.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Staff child safety and wellbeing training will be delivered at least annually and will include guidance on:

- our school's child safety and wellbeing policies, procedures, codes, and practices

Refer to [PROTECT Child Safe Standard 8](#)

## School council training and education

To ensure our school council is equipped with the knowledge required to make decisions in the best interests of student safety and wellbeing, and to identify and mitigate child safety and wellbeing risks in our school environment, the council is trained at least annually. Training includes guidance on:

- individual and collective obligations and responsibilities for implementing the Child Safe Standards and managing the risk of child abuse
- child safety and wellbeing risks in our school environment
- Richmond Primary School child safety and wellbeing policies, procedures, codes and practices

## Complaints and reporting processes

Richmond Primary School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

Richmond Primary School has clear pathways for raising complaints and concerns and for responding - this is documented in our school's Complaint Policy. [The Complaints Policy](#) can be found on the school's website.

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees and homestay providers) must follow [our Child Safety Responding and Reporting Obligations Policy and Procedures](#). Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child; and
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending.

Our Student Wellbeing and Engagement Policy and Bullying Prevention Policy cover complaints and concerns relating to student physical violence or other harmful behaviours.
